provide safe care and treatment, contrary to Regulation 12 of the Health and Social Care Act 2008 (Regulated Activities) Regulations 2014. Ryan has also defended in other regulatory cases, including those prosecuted by the RSPCA.

Representative Cases

- *CQC v The Hospital of God at Greatham (North Tyneside Magistrates' Court – May 2019)*
Represented the CQC in the prosecution of the Registered Provider of Gretton Court Nursing Home in Hartlepool, for a failure to provide safe care and treatment, contrary to regulation 12 of the Health and Social Care Act 2008 (Regulated Activities) Regulations 2014. The failures related to the use of bed rails at the home and the maintenance arrangements where damage occurred to such rails. The defendant pleaded guilty at first appearance and was sentenced to a fine of £24,000 and ordered to pay £14,000 in prosecution costs.
- *CQC v Lister House Limited and Catherine Carpenter (Leeds Magistrates' Court – May 2019)*
Represented the CQC in the prosecution of the Registered Provider and Registered Manager of Sherrington House Nursing home in Bradford, for failures to provide safe care and treatment to a service user, MRW, leading to her suffering avoidable harm in the form of a grade 4 pressure ulcer, which ultimately led to her death some four weeks later. The failures related to the policies in place in respect of shared-care service users, the sufficiency of health and risk assessments undertaken when MRW was admitted, the division of responsibilities between nursing staff and healthcare assistants and the oversight conducted by the manager of the home. The defendants pleaded guilty at first appearance and were sentenced to fines of £40,000 and £750 respectively and ordered to pay a total of £4,750 in prosecution costs.
- *CQC v Ellis and Mr & Mrs Ellis (Nottingham Magistrates' Court – March 2019)*
Represented the CQC in the prosecution of the Registered Provider and Registered Manager of Woodthorpe View Care Home, again for offences under Regulation 12. The failures arose out of the care provided to an elderly resident, TK, whereby a lack of protective steps taken when the home was aware that TK was at high risk of falls, led to him being able to access an unguarded staircase and fall down it, suffering a fractured femur and other injuries. The defendants pleaded guilty at first appearance and were sentenced to fines of £10,000 and £30,000 respectively and the second defendant was ordered to pay £13,873 in prosecution costs.
- *RSPCA v Brazil & others (Leeds Magistrates' Court – November 2018)*
Represented at trial one of three family members charged with breaching a disqualification under section 34 of the Animal Welfare Act 2006 and causing unnecessary suffering to an animal under section 4 of the same Act. The case involved expert veterinary evidence regarding the development and treatment of a complex ear condition of an American Bulldog.

Representative Cases

- *HE v AI (Harrogate County Court – April 2019)*
Represented the defendant in a ‘test case’ regarding a claim for damages arising out of damage to a safety barrier on an ‘A’ road. The claim involved expert evidence regarding the level of damages claimed and whether this amounted to the “reasonable cost of repair”.
- *TDQ v N (Leeds County Court – March 2019)*
Represented the Claimant in a claim for damages arising out of non-payment of fees for the production of a wedding dress. The case also involved a counterclaim for distress and inconvenience on the part of the defendant.
- *M v MCE (Newcastle County Court – February 2019)*
Successfully opposed the defendant’s relief from sanctions application in a claim on the Fast Track. The defendant sought relief following a failure to file its Directions Questionnaire, arguing that the intention to raise issues of fundamental dishonesty at trial should support relief being granted. The application was successfully opposed on the basis of the breach being serious and significant, without good reason and that allegations of fundamental dishonesty were destined to fail, as they related to pre-issue conduct.
- *Rarity v Stansted Airport (Carlisle County Court – August 2018)*
Represented the Defendant at trial in a claim in occupier’s liability on the Small Claims Track, for damages of £1,350 for pain, suffering and loss of amenity and other consequential losses occurring as a result of the Claimant being injured by the automatic passport reading gates at London Stansted airport. The majority of the claim was successfully defended, with nominal damages of £150 awarded to cover the first aid treatment post-accident.
